

CAMP LEE, VIRGINIA

May 2, 1943

Dear Fellows:

Thanks for your letters. It's great to hear what's happening back at school. It sort of brings back memories of those days when we were all together, enjoying the same things.

I'm here at Camp Lee, Va. assigned to the Quartermaster Corp and am just completing my basic training. My course at Bryant has proven very helpful because I think I may have a chance at Clark's school when I start a technical school.

Tell the Service Club to keep up the good work. It's things like that which helps the fellows' morale the most. I hope we can meet again after the messes are all over, and can resume our studies again.

'Till We Meet Again'

Joseph "Mont" Mandato
